FRP-Package Sewage Treatment Plants (PSTP)

Process flow Diagram

Working Principal:

- Influent
- Bar Screening Chamber-Separates solid waste
- UASBR Reactor:
First stage transforms influent solids to settled solids while allowing scum to float.
It is a primary Anoxic Treatment zone in which the settled sludge is stabilized by anaerobic digestion.

...cont...

...cont...

- **Aeration Zone: (MBBR Reactor):**

Second stage is aerobic zone with media inside the tank which increases the surface area to retain the microorganism long enough to digest the organic substance.

Air is provided through blowers and higher contacting time with the slime on the plastic media facilitates efficient digestion.

Clear water overflows to the next treatment chamber.

- **Clarifier Zone:**

Final stage involves sedimentation where the organic waste that is settled down at the bottom of the tank is pumped back to the solid separation zone. The settled waste in the bottom of the tank is pumped back to the Solid Separation Zone as a return sludge having

....cont...

active biomass (MLSS) to increase the efficiency of the system to ensure that the effluent quality meets the stipulated PCB standard.

- **Tertiary Treatment:**

After Final Sedimentation overflow water collected in intermediate tank and pumped through PSF and ACF for further purification and disinfected by proper Chlorine dosing system.

- **Disinfection: Chlorine Dosing**

Final discharge water having BOD<10ppm can be reused for gardening toilet flushing and other cleaning and washing purposes.

Capacities:

10 KLD to 250 KLD

(and in multiples thereof for higher capacities)

OUR USP

Why different -Why Better

- **2 YEARS FULL WARRANTY-FIRST TIME** in the industry in INDIA
- **4 YEARS FRP TANK WARRANTY-FIRST TIME** in the industry in INDIA
(Approx. 50 years life span)
- Electro-mechanical parts, TTP and other parts are of the best brands like Crompton Greaves Kirloskar/TATA etc.
- Provision for **ONLINE REAL TIME DISCHARGE WATER TESTING**
- Isophthalic Unsaturated Resin and glass fiber used for FRP tanks
- Fully Automatic, Manpower Free, Maintenance Free
- FRP Tanks are Multi layered (usually 4 layers) made by molding process with RIB-CAGED structure for more strength, durability and stability for underground installations and to sustain soil pressure.

STP-Gallery visit

Work in progress at our unit

Transportation -Installation at various sites

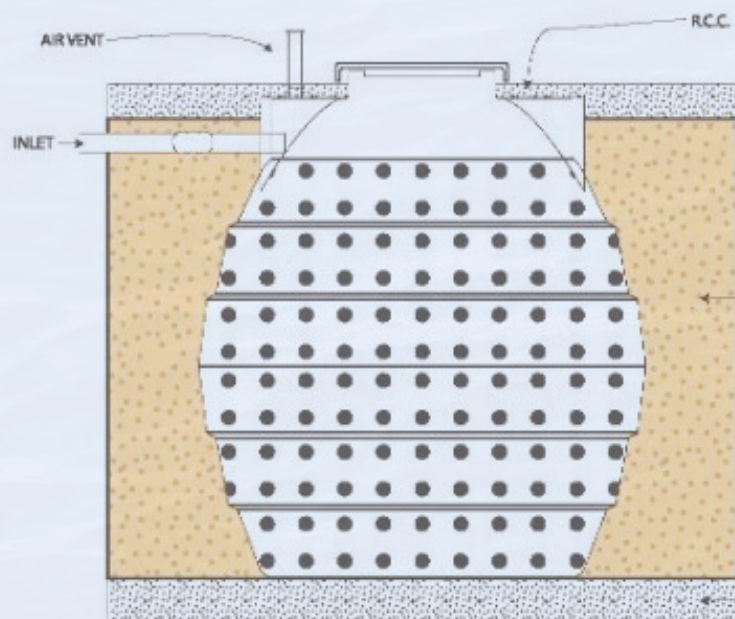

- **BIO-SEPTIC TANKS**
- **U/G WATER STORSGE TANKS**
- **SOAKPIT TANKS**

Capacities: 1000 litres to 6000 litres

Soakpit Tank

- GRP-SMC Panel Water Storage Tanks

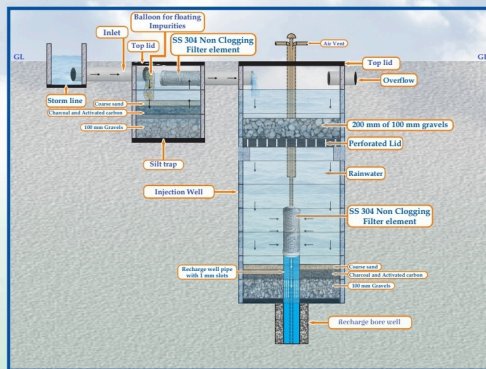

Other Products (We are not limited to STP)

- Rain Water Harvesting

RechargeRain

Injection Recharge well Technology for loose area

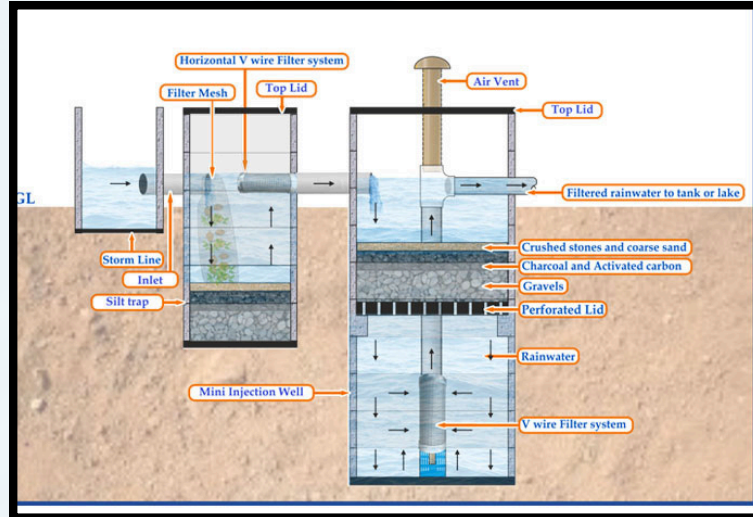

RechargeRain is a unique Injection well technology designed to capture, filter and recharge rainwater from large open areas or loose soil into deeper layers of permeable and impervious earth's strata through unique 'Non clogging, SS V wire technology for filtration'. This is a proven system to augment ground water level and rejuvenate dried bore wells.

Ground water recharge is less expensive than surface water | Efficient compared to over ground storage structures | Less vulnerable to pollution than surface water | Improves ground water quality by dilution | No conveyance or evaporation loss | Increases productivity of Aquifer | Reduces soil erosion | Raises ground water level

Rain is a fundamental source of water that feeds all sources 11/24

- Roof top
- Ground Level
- Storing
- Underground Water recharging

RoofRain

NeeRain Rainwater Filter

NeeRainSS and NeeRainUltra are simple, scientific and sensible rooftop rainwater filters for homes, institutions and industries to save Rainwater for daily requirement and recharge. They save millions of liters of fresh water in borewell or tank lifetime. NeeRain is plug and play device that has no water loss, requires no consumables, no electricity, no human intervention and has live monitoring with low plumbing cost.

No water loss | Two stage filtration | Non Clogging filter
Maintenance free | Cost effective | SS 304 filter element
HDPE filter element | User friendly | No consumables
Compact in size | Fine filter for micro filtration
Higher surface area for seamless flow | Wall mounted
Consistent in high and low intensity of Rain

Know Us:

SEVARTH is our Trade Mark (AF)

**(To convey our message to “Save Earth”
in our little way)**

- **More than a decades experience in STP, SMC Panel tanks, Bio-Septic tanks and other related products**
- **Had been the channel partner of industry giants like SINTEX, ARVIND ENVISOL, BRIJ BINANI Groups' BT Composites Ltd. for more than 2 decades.**
- **Won National Awards for best performance.**
- **Pan India presence: Offices in Delhi, Mumbai and HO in Kolkata. New UNIT in the WEST is on the cards.**
- **Enlisted vendor in CPWD.**
- **Supplied in INDIAN ARMY**
- **Approvals/enlistments in MES in the past for supply and consultancy of STP, SMC Panel tanks, RO Plants for other brands.**
(Now in the process for fresh approvals)

SEVARTH already an approved brand in CPWD

Preference to PPP-M – II Policy (Make in India):

- (i) The Government has issued public procurement policy (Preference to Make in India) vide Ministry of Commerce and Industry Development of industrial policy and promotion (PPS) vide order No. P- 45021/2/2017-PP BE-II dated 28.05.2018, to —Encourage Make in India|| and to promote manufacturing and production of Goods and services in India with a view to enhancing income and employment. CPWD has decided to implement this policy.
- (ii) The agency shall submit list of makes of materials proposed to be used on the work from local suppliers (as defined in the above order dated 28.05.2018) along with minimum local content as specified below for approval of the department out of the approved makes kept in the tender.
- (iii) The department will be approving only makes of the materials having a minimum local content of 50% for use on this work, out of the preferred makes list.
- (iv) The minimum local content of 50% is considered for the complete item including labour component. The agency shall obtain the certificate for all items except for sundry items.

APPROVAL OF PRODUCT: M/S VERITY VENTURES AND LOGISTIC.

1. M/s Verity Ventures and Logistic has approached this HQ for approval of their products for use in Defence Works under this Zone vide their letter No. Nil dt 16 Jan 09.

2. The suitability of the products has been examined with reference to compliance with relevant BIS Standards Accordingly CMPT Approval Committee constituted at this HQ in terms of E2 Ws (PPC & Est) Sub Die of Works E-in-C's Branch, HQ of MoD (Army) letter No 43285/CMPT/E2 Design-2 dt 15 Apr 08 hereby accords approval for use of under mentioned products in Defence Works for a period of one year ie upto 14 Feb 2010.

(a) GRP-SMC Panel Water Storage tanks.

3. Further continuation of the products will be decided thereafter, on the basis of the mandatory feed back/performance report submitted by CWE's/GE's under jurisdiction of Zone. In case of any one using the product notices any defect/discrepancy, the same will be reported immediately without waiting for the expiry of the period of one year.

4. The approval does not absolve the executive / supervisory Staff from their responsibility for using the correct quality product. It is only after they are satisfied about the quality and the performance, the product will be used. Mandatory checks about the quality will be carried out as laid down and the records of the same maintained.

5. The brief of the product and their copy of the literature alongwith specifications and details of the products like samples etc can be obtained from the manufacturer at the address given below:-

RENEWAL OF APPROVAL OF PRODUCT: VERITY VENTURES AND LOGISTICS

1. Ref your letter No. Nil dt 14 Jun 2010.

2. In view of the supply of your product (i.e. GRP-SMC Panel Water Storage Tanks) to the contractors who undertook the work with MES in this Zone and there being no adverse comments from the executives regarding the quality of your products. The renewal of the approval of your products mentioned in this HQ letter No. 86001/CMPT/19/E2 (Pig) dt 14 Feb 2009 is extended for the period upto 18 Jun 2012.

RENEWAL OF APPROVED PRODUCTS

1. Ref your approval letter No. 86001/CMPT/19/E2 (Pig) dt 14 Feb 2009 & your renewal letter No. 86001/CMPT/19/E2 (Pig) dt 18 Jun 2010.

2. M/s Verity Ventures & Logistics has approached this HQ for renewal of their approval of the product known as GRP-SMC Panel Water Storage Tanks.

3. In view of the supply of the above said product to the contractors who undertake the work with MES in this Zone and there being no adverse comments from the executives regarding the quality of the product. The renewal of above said approval of product is extended for the period of 02 years ie upto 20 Jan 2012.

4. Further continuation of the products will be decided thereafter, on the basis of the mandatory feed back/performance report submitted by CWE's/GE's under jurisdiction of Zone. In case of any one using the product notices any defect/discrepancy, the same will be reported immediately without waiting for the expiry of the period of one year.

5. The approval does not absolve the executive/supervisory staff from their responsibility for using the correct quality product. It is only after they are satisfied about the quality and the performance, the product will be used. Mandatory checks about the quality will be carried out as laid down and the records of the same maintained.

6. Further continuation of the products will be decided thereafter, on the basis of the mandatory feed back/performance report submitted by CWE's/GE's under jurisdiction of Zone. In case of any one using the product notices any defect/discrepancy, the same will be reported immediately without waiting for the expiry of the period of one year.

7. The firm is required to give feedback on satisfactory of approved items to MES Consultancy/Formation/Ests as an yearly basis as per format given below.

APPRAISAL FOR PRODUCT

1. Please refer the presentation given by M/s SINTEX in the office of Chief Engineer Kolkata Zone (MES).

2. The presentation was given by M/s Sintex on package type Sewage Treatment Plant, Pre Fab Shelters and Electrical panel etc. It was well appreciated by all.

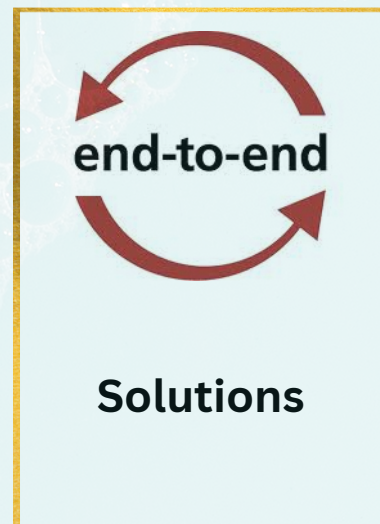

3. It is to inform you that all the products are being tried in the department in few ongoing project as a trial measure.

You are requested to provide the technical details of package type STP for capacities from 10 KLD plant to 150 KLD plant and spec for Pre Fab Shelter.
